

2016 INWEPF WG 2 International Workshop

on Modernization of Irrigation System

(1st Announcement)

We are pleased to announce that 2016 INWEPF WG2_International Workshop is to be held under the theme of "Modernization of Irrigation System" by INWEPF Korean Committee (Ministry of Agriculture Food and Rural Affairs, MAFRA/ Korea Rural Community Corporation, KRC) on Sep. 28~30, 2016, at RRI(Rural Research Institute) in Ansan, Gyeonggi Province, Korea.

Goal and Objective

In the 4th Phase (2015-2018), the purpose of INWEPF WG2 is to share policies, technologies and information about irrigation modernization for the efficiency of agricultural water management.

As part of the WG2 activities, we are hosting an annual workshop with the expectation that we can share good examples and ideas among professionals of WG2 member countries on the said goal, ultimately to promote sustainable paddy farming in Asia.

In particular, this workshop is to collect a draft of country reports and make a presentation as part of WG2 main activity of synthesis report.
